

Patient Health Questionnaire

IMPORTANT: Please complete all sections of the form at least 3 weeks prior to your admission. You can: hand deliver, post (Manuka Street Hospital 36 Manuka Street, Nelson 7010) or complete these on-line by saving a copy to your computer first then email back) Alternatively, you can print out the PDF version to complete manually and email it back to administration@manukastreet.org.nz

Complete this questionnaire carefully as the information you supply helps us to provide you with the best and safest possible care during your stay at our hospital. The questionnaire has four sections:

A Your general health

- **B** In preparation for your hospital admission
- **c** In preparation for your procedure
- **D** Your current medicines

We have endeavored to provide enough space in each area. However, If there is not enough room to list or explain, please add in your email, or if posting - add to a separate sheet.

Surname (family name)	_	Hospital Administration only (Patient label)	
First name (s)		Surgoon	
Height Weight	_	Surgeon	
		NHI (if known)	
metres	kilograms	Occupation	
To support your ongoing care you sent to your GP.	ur discharge information will be		
If you DO NOT want this, please t	ick 🗆		

All questions in this questionnaire are about the person being treated at the hospital (the patient). If you are filling this out for the patient, only provide information relating to the patient's health.

Section A Your General Health

Section D Your Current Medicines

For your safety, it is extremely important that your doctors and nurses know precisely which medicines you are currently using.

Important instructions.

- 1. List below <u>all</u> medicines you currently use, and bring them with you to the hospital in their <u>original containers</u>
- 2. To ensure you are clear what to include, please use the MEDICINE REMINDERS table (right→)
- 3. If you have a medication card or printout from your GP or pharmacist, please bring it with you to the hospital, as well as completing the list below.

MEDICINE REMINDERS Which of the examples below apply to you?								
There are r types of me			cines come in any forms	Medicines are taken for many common conditions				
prescription medicines herbal medicines natural medicines homeopathic remedies over-the-counter medicines	vitamins supplements contraceptives steroids	tablets capsules inhalers drops syrups	patches suppositories creams injections other liquids	heart disease high blood pressure blood thinning dietary deficiencies emotional conditions	infections diabetes sleeplessness epilepsy
